

## **DISSEMINATION ACTIVITIES ABOUT THE PROJECT ECOIL IN CISAP-2 INTERNATIONAL CONFERENCE IN NAPLES**

**Naples, Italy, 21 – 24 May 2006**

CISAP-2, the 2<sup>nd</sup> International Conference on Safety and Environment in Process Industry, took place in Naples, Italy, on 21 – 24 May 2006. The CISAP-2 Conference aims at giving continuation in creating opportunities of meeting and promoting international knowledge sharing in the fields of HSE experiences, research and innovation.

The Technical University of Crete participated in the Conference with two papers on the APPROACHES FOR ASSESSMENT OF SAFETY REPORTS IN GREECE, *Stampouli M., Papadakis G.*, and on SAFETY MANAGEMENT SYSTEM and ORGANIZATIONAL FACTORS in HANDLING DANGEROUS SUBSTANCES, *Machaira P., Papadakis G.*

Dr. Georgios A. Papadakis, the coordinator of ECOIL project, participated in the CISAP-2 Conference and took the opportunity of disseminating the ECOIL project results and aims to the participants of the Conference in individual discussions and by using the following means:

- Distribution of the ECOIL leaflets (included in the 1<sup>st</sup> and Interim Progress Report of the project). 150 ECOIL leaflets were distributed in English (included in the Deliverable 4 of the 1<sup>st</sup> Progress Report) and also 150 copies of the LCA leaflet in English (included in the Deliverable 5 of the Interim Report).
- Exchange of experience on LCA implementation projects with other researchers and professors, who participated in the CISAP-2 Conference and presented relevant research work.

Some representative documentary material is presented in figure 1 and the table following. Figure 1 presents the program overview of the CISAP-2 Conference.

<b>Program Overview</b> May 21-24, 2006 Naples, Italy
